

Marina Chavarria Gonzalez

Junior game programmer

WORK EXPERIENCE

XNERGIC TECNOCAMPUS

I work with Xnergic, a company that's gives different technology curses during the year to children. I have done all the way from Unity and C# to Arduino.

INTERSHIP AT KANEDA GAMES SL

I work for 3 months for unpublish project. I was with a programming team following their coding conventions, making physics, player controllers, and making the game structure all the way from the menus to the game modes.

GAME AWARDS

CAECUS | BEST GAME AT KING GAME JAM

November 2019

- Me and my team were chosen to participate at *Not Only Games* game jam for King.
- We had three days to design and develop a videogame with a theme. In the end our game won overall Best Game.

- C#
- Unity
- Unreal engine
- Python
- Lua
- Defold
- R

ABOUT ME

I'm a junior game programmer specialized on object-oriented programming. Although I at my fourth year of university, I have already done a great variety of projects on my own, won several awards, done over 13 game jams and work for a videogame company. I'm a very enterprising person, outgoing and eager for new experiences.
